

We proudly offer aesthetic laser treatments with the award winning Elite + Aesthetic Workstation by Cynosure – the most comprehensive hair removal system – for all skin types. In addition the system is optimized for effective treatment of facial and leg veins, as well as benign epidermal pigmented lesions.

Almost everyone has unwanted hair somewhere on their body. Unfortunately, traditional hair removal routines can be tedious, painful and expensive over time.

Shaving may last a day, waxing a couple of weeks, but none of them last forever, and therein lies the true beauty of laser treatment.

- For the entire body
- For all skin types, including tanned skins as well as different hair types
- Cost effective and long lasting
- Recovery-free so you can return to normal activities immediately
